SIX CHURCHES UNITE IN HOLDING SERVICES

Rev. E. K. Van Winkle
Preaches in Presbyterian
Church.

Six churches of Mishawaka united on Tuesday evening in holding two union services in the week of prayer, one taking place in the First Presbyterian church for the residents of the south side of the river and the other at Winery hall for the north side churchgoers. The Rev. E. K. Van Winkle delivered the sermon in the Presbyterian church while the Rev. D. D. Spangler led the service in Winery hall.

Both services were largely attended considering the large number of cases of grip which prevail in Mishawaka homes. At the service in the Presbyterian church the opening prayer was offered by the Rev. Dr. L. M. Edwards and the scripture lesson was read by the Rev. Dr. J. A. Burnett. A vocal solo was sung by Glyn Morris.

Rev. Mr. Van Winkle commented favorably on the attitude of many Mishawakans toward the week of prayer just starting and the cottage meetings to follow and the simultaneous meetings to begin in each of the six local churches on Jan. 23. He stated he believed the time was ripe for a big revival. He spoke of the need of a revival in this city and pointed to the secret of the revival mentioned in the book of Acts from which a selection was read during the opening services. He referred to the preparation of the people, their selection and training by Jesus to make them workers in His kingdom.

"They had the supreme task of being his witnesses," said he, "and that is our task. That is what we are praying for—a prepared people. Our churches need that prayer; superintendents need that prayer; presidents of young people's societies need that prayer; people in all walks of life need that prayer. From the day of pentecost to this present day the power of God has not disappeared."

SUNDAY SCHOOL PUPILS HOLD AN EXHIBITION

The Methodist Memorial church held an exhibition in the Sunday school rooms Tuesday afternoon of the pupils' Sunday school year's study. The international course lessons of the junior department in the first, second and third year were submitted. The first year's course, being stories of the three Patriarchs, was illustrated by exhibits from members of this department, as follows: Misses Lillian N. Studley, Gladys Minzre and Lucille Brewer of Miss Hunt's class; second year, stories of the conquest of Canaan, exhibits by Misses Irma Quick, Lucille Long, Amice Holderman and Beulah Cunningham of Mrs. George Studley's class; third year, stories of the kingdoms of Israel and Judah, Miss Viola Moore, exhibitor.

William Garman is superintendent of this department, and has taken considerable interest in the special work. The students are most highly commended on the results of the past year's study.

MEN'S ANNUAL BANQUET NEXT TUESDAY EVENING

Next Tuesday evening the annual banquet of the Men's Brotherhood of the Methodist Memorial church will be held in the entertainment parlors of the church. The banquet will be prepared and served by the Ladies' Aid society of the church.

The annual banquet of the men's organization is one of the biggest events of the year and the committee in charge promises that this year's affair will be bigger and greater than ever before. They are out for an attendance of 200 or more.

The speaker of the evening will be Rev. Dr. J. Stanfield, pastor of the Meridian St. Methodist Episcopal church of Indianapolis. Dr. Stanfield is recognized as one of the biggest men in the conference and his coming is keenly anticipated by local Methodists.

DORCAS SOCIETY MEETS.

The Dorcas society of the Methodist Memorial church was entertained Tuesday afternoon at the home of Mrs. E. L. Mason, 1201 Lincoln highway E. The afternoon was spent in a social way and light refreshments were served.

CITY IS IN THROES OF GRIP EPIDEMIC

Hundreds Suffering From Disease—Many Office Staffs Depleted.

The grip epidemic made itself severely felt in Mishawaka during Tuesday, numbering its victims by the hundred. There is scarcely a family in the city that has not one or more of its members laid up with the disease. Those of the medical profession who so far escaped its ravages are having the busiest period of their lives attending to cases. A physician stated to The News-Times Tuesday night that the epidemic was as yet only in its incipient stages. He predicted it would be much worse before it ran its course. He further said that the character of the present disease was more severe than formerly, and it was especially hard on old people and children leaving them in a very weakened condition.

Many of the office staffs throughout the city are depleted on account

of the epidemic, and it is thought that when the schools open today, after the holidays, there will be many vacant benches. Schools, churches and street cars are said by the physicians to be the worst places for spreading the disease, which is of the most contagious type.

JOHANSEN SHOES

THIS, TO BE ONE OF the "popularities," comes in reach of every style-discriminating young lady. We are proud of it as a shoe really entitled to all that is meant by the word "appropriate."

GOOD TASTE IT IS, as its popularity all over the country indicates. It has "style" all its own, and is just splendid for hikes, athletics, and general wear.
